## Learning Aids

### Palmar Scissors for kids

These scissors allow children to use their whole hand for cutting. Its automatic opening is ideal for children with low muscle tone or difficulties with coordination and motor planning.

For right-handers

### Reading Guide

A brilliant product to facilitate reading! The pointer reading strips can highlight a specific line in a text, encouraging fluency and speed of reading.

### Kit Planète Hearing Protectors

The **Kit Planète hearing protectors** are perfect for children who need increased quiet for sensitivity reasons or just for more focused activities such as reading. (pack of 10)

A document from the Ordre des orthophonistes et audiologistes du Québec offering guidelines on the use of ear muffs is available on their website at [www.ooaq.qc.ca](http://www.ooaq.qc.ca)

Comfortable Cushion

Adjustable

Easy to transport

## IDEAS FROM OUR OTS

Adjust inflation as needed and tolerated by the child: less inflated for maximum stability and inflated to half the disc when movement is needed.

### Kit Planete round air cushion

The **Kit Planete inflatable dynamic cushion** that activates intrinsic trunk muscles to encourage active sitting and support of the spine. It can be used by children in class on regular chairs or floor and allows for movement in all directions with a bumpy surface offering light sensory input.

- Use the Air Disc for periods up to a maximum of twenty (20) consecutive minutes to prevent muscular fatigue
- In you are unsure of how or why to use this cushion with a child, consult a professional to make sure this product is right

### KP wedge cushion

**KP wedge cushion** offers an angle of 14 degrees, allowing a pelvic tilt that promotes straightening of the back for an ergonomic sitting posture. In class, it can be used on a chair or on the floor to allow movement.

### Stability ring

Keep your stability ball in place with this sturdy and durable **balance ball ring**. Made from durable plastic, this raised ring is sturdy yet lightweight, and is easily assembled with 4 pieces that slot into one another.

## Time management tools

### KP Sand Timers

This ultra resistant **sand timer** makes the concept of time tangible. Made of resistant plastic, it can be used on most surfaces safely. Each color is associated to a specific time.

Pack of 5 small sand timers  
1, 2, 3, 5 & 10 minutes.

Practical format for classes  
Dimensions of 9cm X 2,5 cm

Dimensions of  
16 cm X 8 cm

## Early Childhood

### KP Silicone Placement

FDA-approved, the **KP Silicone Placemat** is made from high-quality food-grade silicone that is non-toxic, PVC, BPA and phthalate free. It suction directly to the table, making it nearly impossible for tiny hands to tip over. No separate plate and place mat to worry about. Silicone mat is one single piece in 4 colors.

Perfect for babies learning to feed or children with motor skills difficulties.

38 cm X 25 cm

Dishwasher and  
microwave safe

## Sensory tools

### KP Activity Cards (FRENCH ONLY)

Two turnkey kits to develop motor skills in preschool and school-aged children!  
 The **GROSS MOTOR kit** includes 20 activity cards, designed and developed by occupational therapists for your classroom. These cards will improve general gross motor skills which will impact muscle tone, sitting posture and endurance.  
 The **FINE MOTOR kit** includes 15 activity cards, designed and developed by our OTs for a group or a classroom. These cards will improve fine motor skills which will impact finger dissociation, manual dexterity and motor planning for writing skills.

A product made in Québec by Kit Planète for today's schools and daycares!

Clear instructions included on each card

### Kit Planète squeeze Egg

The **Kit Planète Stress Egg squeeze balls** are perfect for hand, finger, wrist and grip exercising. They have a soft, textured surface and are designed to easily fit in the hand with a 5cm diameter. Can be used to develop grasp strength in children as the egg can be repeatedly compressed without losing its shape.

Is available in 4 different levels of resistance

- Very Soft Resistance
- Medium Resistance
- Soft Resistance
- Firm Resistance

### Massage Ball KP

The **Kit Planète 8 cm textured massage ball** offers multipurpose use: can be used as a massage tool, a sensory tool for hands and feet and a way to increase body awareness. Offers great grip and soft texture.

### KP Sensory Ring

This **finger fidget** is a unique wire ring featuring tiny points which gently massage the fingers.
